Dear Mr. Ferguson:

Nova Scotia Power Inc. - Fuel Manual Revision Guide - P-200

This is further to your letter of May 7, 2010 enclosing NSPI's Fuel Manual Revision Guide ("Guide") for the Board's information. Please respond to the following **by May 28, 2010**:

1. Describe the sequence of events relative to stakeholder requests for changes to the Fuel Manual which may or may not be internally approved by NSPI.
2. What notification and access will stakeholders receive regarding revisions to the Fuel Manual?
3. NSPI has provided its Guide to the Board for information and is requesting comments from the Board. In addition, NSPI notes that the Guide now includes provision for UARB review and approval of Fuel Manual revisions. Please confirm if it is NSPI's intention to seek Board approval of its internal Guide and explain the rationale.

The Board understands that stakeholders were previously provided an opportunity to submit comments to NSPI regarding its Guide. By copy of this letter, interested parties are requested to provide the Board with any further comments **by May 28, 2010**.

Yours very truly,

for Nancy McNeil
Regulatory Affairs Officer/Clerk
