Auditors' Report

**To His Worship the Mayor and
Members of the Town Council
of the Town of Berwick**

We have audited the consolidated statement of financial position of the **Town of Berwick** as at March 31, 2010, and the consolidated statements of financial activities and changes in net assets for the year then ended. These consolidated financial statements are the responsibility of the management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the **Town of Berwick** as at March 31, 2010 and the results of its operations and the changes in its net assets for the year then ended in accordance with Canadian generally accepted accounting principles.principles.

Town of Berwick

Notes to Financial Statements

March 31, 2010

1. Significant Accounting Policies

Basis of Presentation

The consolidated financial statements of the Town of Berwick are prepared in accordance with generally accepted accounting principals for local governments, as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants.

The consolidated financial statements reflect the assets, liabilities, revenues and expenditures and changes in fund balances and in financial position of the reporting entity. The activities under the control of Council and included in the reporting entity are the general operating fund, general capital fund, electric operating fund, electric capital fund, capital reserve fund, operating reserve fund, open space reserve fund and PCB disposal reserve fund.

Interdepartmental transactions and balances have been eliminated.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Change in Accounting Policy

The Town of Berwick adopted the new requirements of the PSAB handbook section PS1200 Financial Statement Presentation and PS 3150 Tangible Capital Assets for the fiscal year beginning April 1, 2009. As a result, the format and presentation of the financial statements has changed. Tangible capital assets, previously unamortized, are amortized over their estimated useful life. The principal portion of long term debt is no longer expensed. Prior year comparative balances have been restated to conform to the current year presentation.

Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess revenues over expenses, provides the consolidated Change in Net Financial Assets for the year.

Town of Berwick

Notes to Financial Statements

March 31, 2010

1. Significant Accounting Policies (continued)

Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributed to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital asset are amortized on a straight line basis over their estimated useful life as follows:

Buildings	40 years
Machinery and equipment	5 to 15 years
General office equipment	5 years
Parks and open space infrastructure	5 to 15 years
Vehicles	7 years
Streets	30 years
Sidewalks	20 to 30 years
Street lighting	25 years
Sewer collection system	40 years
Storm water system	40 years
Sewer treatment plant	25 years
Power Generation	30 to 50 years
Substations	31 years
Distribution	22 to 32 years
General property	8 to 37 years

Electric Utility Capital Assets

Capital assets and projects in progress are recorded at the utility's gross cost. Interest incurred during construction on significant utility capital projects is capitalized. Interest is calculated at the prevailing prime rate for projects temporarily funded by general or utility operations.

Electric Utility - Depreciation

Depreciation of fixed assets is recorded in the accounts of the Electric Utility Capital Fund on a straight line basis over the estimated useful lives as prescribed by the Nova Scotia Utility and Review Board.

The depreciation charge in the Utility's Operating Fund is transferred to a special bank account in the Electric Utility's Capital Fund which is used to help fund replacement of existing plant and equipment, or subject to approval by the Nova Scotia Utility and Review Board to repay the principal of capital debt.

Town of Berwick

Notes to Financial Statements

March 31, 2010

1. Significant Accounting Policies (continued)

Valuation allowances

The Town provides a valuation allowance for estimated losses that will be incurred in collecting receivables outstanding.

In the electric utility, a valuation allowance is provided for estimated losses that will be incurred in collecting rates receivable outstanding.

Financial Instruments

The financial instruments consist of cash, accounts receivables, accounts payables, accrued liabilities, short term borrowings and long term debt. Unless otherwise noted, it is management's opinion that the Town is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair value of these financial instruments approximate their carrying values, unless otherwise noted.

Use of Estimates

The preparation of the financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates. The most significant accounting estimates in these financial statements include allowance for doubtful accounts and estimated useful life of tangible capital assets.

2. Contributions to Non-Consolidated Boards and Commissions

The Town of Berwick is required to finance the operations of the various Boards and Commissions, along with the other Municipal Units in Kings County to the extent of its participation based on prescribed formulae.

In addition to any budgeted contributions, the Town shares in the deficits or surpluses of these Boards excluding the Annapolis Valley Regional School Board based on prescribed formulae. The Town's share of any deficit is to be paid in the next fiscal year while a surplus is to be taken into the next year's estimates.

Details of contributions to the boards are as follows:

Annapolis Valley Housing Authority - 25% of net operating deficit

During fiscal 2010, the Town of Berwick paid \$37,498 (2009 - \$13,407) to the Annapolis Valley Housing Authority to fund its share of the deficit.

8. Retired Clerk's Pension - Past Service Costs

Under provincial legislation, municipalities were required to have a defined benefit pension plan for a former municipal clerk for a benefit equal to 2% per year, times clerk's years of service to April 1, 1993, times the average of the final five years of salary, before actual retirement. The actuarial present value of accrued pension benefits attributed to services to March 31, 1994 is being funded to March 31, 2013. The unfunded amount of this liability at April 1, 2008 was \$15,400 based on an actuarial valuation of the pension plan done as at that date. Since then the municipality has made payments totalling \$8,484 which has reduced the unfunded amount to \$6,916 at March 31, 2010.
