Re: M08604 - EfficiencyOne - Application for Approval of a Supply Agreement for Electricity Efficiency and Conservation Activities between EfficiencyOne (E1) and Nova Scotia Power Inc. (NSPI) and the establishment of a final agreement between the Parties, including approval of E1's 2019 Demand Side Management (DSM) Resource Plan

Dear Ms. Friis:

Enclosed are Nova Scotia Power Inc.'s (NS Power or Company) responses to the Information Requests (IR) received by the Company in the above-referenced matter.

NS Power respectfully requests that the following IR response attachment be held in confidence in this proceeding for the reasons set out herein:

SBA IR-2 Partially Confidential Attachment 1 – This document contains customer specific information, which can be discernable given the small number of customers in the three classes shown. This treatment is consistent with how this information has been provided in FAM filings.

The above information has been redacted from the publicly available copy of NS Power's IR responses and filed in the Board's Confidential Document Repository.

In accordance with Rule 12, NS Power submits with this correspondence a draft Confidentiality Undertaking for the Board's approval. Subject to the Board's approval, and consistent with the provisions of Rule 12, access to the above confidential information

should only be provided to those interested parties who sign the approved Confidentiality Undertaking on the terms provided therein. NS Power requests that participants only be permitted to access the Confidential Information from the UARB's Confidential Document Repository upon the signing of the form of Confidentiality Undertaking approved by the Board.

Please contact me if the Board requires any additional information or clarification with respect to the Company's request for confidentiality.

Yours truly,
