Attention: Doreen Friis, Regulatory Affairs Officer / Clerk

Dear Ms. Friis:

Re: M08888 - EfficiencyOne – Application for Approval for the Use of Measure Level Non-Energy Benefits within the Context of Cost Effectiveness Testing
Correction to EfficiencyOne Response to Multeesee Information Requests

Further to the above noted matter, and responses to Information Requests filed by EfficiencyOne on November 14, 2018, a reference error was noted in the response to Multeesee IRs following the filing of the electronic PDF version of the response. The header on Attachment 1 of the Response to IR-16 was incorrectly labelled as Attachment 1 to IR-15 (there are no attachments to IR-15). This attachment was also located with IR-15 in the e-filed PDF document, instead of with IR-16. The header has been corrected and Attachment 1 has been placed in the correct location within the document.

Attached is the corrected Multeesee RIR 01-17 document, which we would respectfully request replace the document filed on yesterday's date. The paper copies to be filed with the Board will reflect this correction.

Please advise should you have any questions or concerns.
