Dear Mr. Gogan:

M08888 – EfficiencyOne – Application for Approval for the Use of Measure Level Non-Energy Benefits within the Context of Cost Effectiveness Testing (E-ENS-G-18)

The panel considering this matter is Peter W. Gurnham, Q.C., Chair, Roberta J. Clarke, Q.C., Member, and Steven M. Murphy, MBA, P.Eng., Member.

Attached is an Order of the Board adjourning this matter without day.

In its letter of November 22, 2018, EfficiencyOne referred to the possibility of a consensus position on the Application following consultation.

Parties will note that the Board set this down for an oral hearing. While the Board generally encourages settlement discussions on all or a portion of the issues in a proceeding, the Board will need to be satisfied in this proceeding that it has the jurisdiction, under the *Public Utilities Act*, to take into account Non-Energy Benefits and the appropriateness of doing so in the interests of NS Power's ratepayers.

Yours truly,

A handwritten signature in black ink, reading 'Doreen Friis'.
