Dear Mr. Gogan:

M08888 - EfficiencyOne - Approval for Use of Measure Level Non-Energy Benefits

This is further to your letter dated February 5, 2020, requesting the Board establish a timeline to consider the question as to whether the Board has jurisdiction to take into account non-energy impacts in the context of cost effectiveness testing. With the agreement of NS Power, the Consumer Advocate, Small Business Advocate, the Industrial Group and EfficiencyOne, the question to be put to the Board is:

In assessing proposed electricity efficiency and conservation activities, does the NSUARB have the jurisdiction to take into account non-energy impacts in cost effectiveness testing?

The panel considering this matter is Peter W. Gurnham, Q.C., Chair, Roberta J. Clarke, Q.C., Member, and Stephen T. McGrath, LL.B., Member.

The Board establishes the following timeline:
