Dear Mr. Peachey:

### **M11108 – Nova Scotia Power Inc. - 2023 Load Forecast Report (P-194)**

On August 23, 2023, the Board was notified that Renewall Energy Inc. has withdrawn its contractual agreement with a medium industrial customer to commence Renewable to Retail service in September 2023. The Board understands that the load of this customer will remain with Nova Scotia Power Inc. (NS Power).

In NS Power's 2023 Load Forecast Report, it was identified that the load of this customer group is flat except for a downward shift attributed to a customer switching service to Renewable to Retail provider. The unplanned continuation of this customer's service with NS Power represents an increase in load for 2023.

The Board directs NS Power to address this increase to load in its Rebuttal Evidence to be filed with the Board by September 14, 2023.

Yours very truly,

A handwritten signature in blue ink that reads 'Crystal Henwood'.
