Subject: M12376 - Review of NS Power Performance Standards
Date: April 20, 2026 3:29:24 PM

Dear Parties,

In its letter of July 10, 2025, the Board noted that London Economics International (LEI) was engaged to conduct a review of NS Power performance standards. That review was to consider not only whether the existing performance standards should be amended, but also to consider an expansion of activities, such as those identified in the amended performance standard provisions in the *Public Utilities Act*. Parties were asked to register by July 24, 2025, if they wished to intervene in the process.

LEI has concluded the preliminary phase of their review and will be hosting a virtual stakeholder session to explain the review process and the preliminary results. The presentation is scheduled for **Tuesday May 12, 2026 from 1pm to 4pm**. Parties who intend to participate in the stakeholder session are requested to advise Wendy Brown at Wendy.E.Brown@novascotia.ca no later than **Wednesday April 29, 2026**. A Teams meeting invitation will be sent to registrants shortly afterwards.

Regards,
Crystal
