Dear urb:

Regarding the above matter and NSP wanting to squeeze more money from its customers, ABSOLUTELY NOT!

This mysterious maritime link looks like a dream. I hear nothing about muskrat falls electricity production. Only NSP wanting more and more increases! Let them build it with their own money!

ps- my house has been unoccupied since late December, and my electricity bills have never been this high! Usage high, not just the over inflated cost.

I have been in hospitals all that time.
