Request IR-6:

Please provide a spreadsheet for CA IR-2.

Request IR-7:

Please confirm that the data provided in CA IR-2 is at the most detailed level at which actual O&M costs are tracked.

Request IR-8:

Please consider supplementing your response to CA IR-5, as follows, recognizing that this goes beyond the original request, but would be helpful to understanding NSPML's position.

1. Extending the table provided back to January 2023 in order to support the statement on p. 1, lines 9-10.
2. Elaborating on how, if at all, applying NSPML's proposed adjustments to the holdback (June 28, 2024, filed in M11773) would affect the holdback amounts in the table.
