NOVA SCOTIA ENERGY BOARD

To whom it may concern,

RE: M12451 – 2026 General Rate Application

SWEB Development is a developer, owner, and operator of renewable energy projects throughout Eastern Canada, headquartered in Halifax, Nova Scotia.

The M12451 Preliminary Issues List supplied by the NSEB along with the Hearing Order outlines a number of very important topics to be discussed as a part of this Matter. As a former and current Interconnection Customer with Nova Scotia Power, several of these identified issues have the potential to influence the outcomes and practices of SWEB's business here in Nova Scotia. These issues include, but are not limited to Fuel and Purchased Power Costs, Rate Base, Load Forecasting, Rate Design, Climate Change Studies, Maritime Link Projects, etc.

As such, SWEB formally is requesting Intervenor Status in this Matter.

SWEB appreciates the opportunity and is excited to take part in this important Matter.

Please direct all communication concerning this proceeding to the undersigned.

Sincerely,

Mason Baker, P.Eng.
Director of Technical Services
