Dear Ms. Henwood,

On behalf of Nova Scotia NDP Leader Ms. Claudia Chender, the Nova Scotia NDP caucus are applying for intervenor status in Matter No. M12451, the Nova Scotia Power General Rate Application (GRA).

Representatives from the NSNDP caucus intend to appear in person at the hearing.

The designated representatives include:

- Claudia Chender, Leader of the Official Opposition, MLA Dartmouth South
- Susan Leblanc, NSNDP Energy Critic, MLA Dartmouth North

Contact information:

- claudiachender@nsmla.ca; 902-694-3129
- susanleblanc@nsmla.ca; 902 463-6670

Reason for interest:

- The NSNDP Caucus has an interest in this matter, given the important public interest in affordable residential power bills.
- As elected representatives, on behalf of the constituents we represent, we have an interest in this matter to safeguard the public interest.

Issues we intend to address:

- The already high and rising energy costs for Nova Scotians.
- The significant rise in profits of Nova Scotia Power.
- Nova Scotia Power's GRA within the broader context of the public loss of trust in the company due to the recent data breach incident, poor reliability performance and its increased purchases of expensive and dirty coal power.
- Nova Scotia Power's GRA intention to raise rates on residential customers while lowering them for some non-residential customers.

Kind regards,

Nate Wallace
