RE: M12451: 2026 General Rate Application

To whom it may concern,

Please consider this letter our formal Notice of Intervention in the above matter.

Established in 2001 in Nova Scotia, Canada, Natural Forces remains a small company with big values and ambition. Collectively, we have around 300 MW of renewable energy projects currently in operation across Canada and are actively developing future wind, solar, and hydropower projects across Canada, Ireland, and France. Eastern Canada, headquartered in Halifax, Nova Scotia.

Natural Forces is a key participant in Nova Scotia's Independent Power Producer (IPP) community and remains committed to supporting NSPI in achieving its renewable energy targets—both in the near term and long term as demonstrated by our extensive portfolio of operating assets in the province.

Please direct all communication concerning this proceeding to the following representatives of Natural Forces:

Austen Hughes | Vice President – Corporate Relations
