Issued at Halifax, Nova Scotia, this 21st day of October 2025.

FOR: Lisa Wallace, Chief Clerk of the Board

Request IR-1:

In its response dated October 7, 2025, NS Power explained that the previously billed 1,144 kWh was subtracted from the total actual usage in the August bill, and that the full energy charge of \$250.68 from the June estimate was credited back to Ms. Nearing.

According to the Statement of Account dated September 22, 2025 (Attachment 1) that NS Power provided in this response, the tax amount charged on June 17, 2025 was \$12.54.

a) Please provide a copy of the June bill NS Power issued to Ms. Nearing.

b) Please clarify if the \$12.54 tax amount NS Power charged Ms. Nearing in June was also credited back (i.e. whether the \$3.75 "Total other charges" amount shown in the August bill already included the credit amount of \$12.54).
