Halifax NS B3J 3S3

Dear Ms. Henwood:

Re: M12551 - NSPI - 2026 Annually Adjusted Rates (AARs)

We are writing on behalf of Renewall Energy Inc. ("REI"), in regard to the 2026 AAR application. The Board has set a deadline for filing Submissions and Evidence by January 20, 2026. Due to the inclement weather today, REI employees have been without power and unable to access the relevant documents necessary to meet tomorrow's filing deadline.

We respectfully request that REI be granted a one-day extension to file its Submissions and Evidence in relation to the 2026 AAR application, to January 21, 2026.

Yours truly,

Brianne E. Rudderham
