Blake Williams
VP, Legal and Regulatory
Nova Scotia Power Inc.
PO Box 910
Halifax, NS B3J 2W5

Dear Mr. Williams:

M12551 - Nova Scotia Power Inc. – 2026 Annually Adjusted Rates (AAR) Compliance Filing

The Board panel, consisting of Richard Melanson, LL.B., Panel Chair, Jennifer L. Nicholson, CPA, CA, Member and Bruce H. Fisher, MPA, CPA, Member, has reviewed the compliance filing filed by NS Power on May 11, 2026. The Board invited comments on the compliance filing by May 25, 2026. None were filed. After obtaining clarification from NS Power about the Renewable to Retail Market Transition Tariff, the Board is satisfied that the compliance filing is accurate. Therefore, attached please find an Order, with attached schedules, incorporating the compliance filing.

The Board notes that in keeping with the Board's March 9, 2026, decision, the changes will be applicable effective April 1, 2026. It appears that for existing customers, this will generate a relatively modest decrease in the applicable rates. This will require either a credit or refund which NS Power is to process as soon as practicable.

Yours very truly,

Crystal Henwood
Clerk of the Board

Encl.
