**Subject:** RE: M12777 - NSPI to NSEB Adam DRO Appeal IR Responses 5-6

Good morning,

It is our understanding that NS Power does not return the meter to the property after initial testing and that the meter would be in the possession of NS Power.

It is also our understanding that, even though Mr. Adam no longer lives at the property, he would still be the one that would have to arrange the meter test with Measurement Canada via the link provided and that Measurement Canada would then contact NS Power to obtain the meter for testing.

Could NS Power please confirm these assumptions to be accurate?

Thank you.

**LISA WALLACE**
