Importance: High

Crystal and Bill:

I reached out to Holly Chisholm, Steve Pronko, and Chris Jiang previously about a conflict I have on Friday, August 7, which is the last day of the hearings for matter M12780. Also, today I am seeing some parties file letters to the Board requesting that expert witnesses be able to appear virtually for the DSM Plan proceeding. Is that an option for me? Participating virtually will give me a lot more flexibility.

Please let me know your thoughts.

Thank you,
Alice
