There is some serious issues with my bill. I am being charged more now then in the winter!!!!
I have had my panel off for the past 60 days to prove your meter readers are not reading
proper. I don't want a smart meter but I will take a digital because this meter is obviously
going to keep causing issues with my billing. This is absolutley unacceptable and I've
forwarded it all to a lawyer and the energy board with my photos. Like I said my panel has
been off for 60 days and I just got a 860 dollar bill for those 60 days!!!! Something is to be
done. I'm not putting up with this any longer
