Issued at Halifax, Nova Scotia, this 22nd day of July 2026.

Lisa Wallace, Chief Clerk of the Board

1 **Request IR-1:**

2 NS Power's Regulations say:

3 When a customer disputes the amount of electricity consumed from the meter, the
4 Company shall:

5 a) Initiate a check on the meter reading to ensure the original reading was correct and
6 advise the customer.

7 b) If the customer is not satisfied, the Company shall do an "As found Meter Test" on
8 the meter in the Company's Measurement Canada certified facility to verify the
9 reading is within the allowed tolerances and advise the customer of the results.

10 c) If the Customer is still not satisfied, the Company will advise the Customer he/she
11 may request an independent meter test to be performed by Industry Canada.

12
13 You mentioned in your email on May 27, 2026, that the meter may need to be reinspected, tested
14 or replaced or there may be another technical issue affecting the readings.

15
16 (a) Did NS Power mention the meter test to you at any point during your dispute?

17 (b) Did you ask NS Power for a meter test before appealing to the Board?

18 i. If yes, what was the test result?

19 ii. If no, do you wish to have your meter tested now?
