1 **Request IR-6:**

2 In NS Power's response to Board IR-2 the Total Cost of Ownership analysis was submitted. This
3 analysis showed that the operating costs associated with this investment are significantly higher
4 in comparison to the Microsoft EA Renewal in matter M11166. Aside from the additional operating
5 costs for Microsoft Unified Support, please provide support for these subscription costs and
6 explain the significant increase this subscription relative to the amount cited in the Economic
7 Analysis Model (EAM) for the Microsoft EA subscription in M11166.
