Re: Removal of Rate Capping for Small General, General and Large General service classes effective August 1, 2026

Referencing Order M12179 item #3 & #4, the Town of Lunenburg is filing a new Schedule A to reflect the uncapped rates effective August 1, 2026 from Schedule B in Order M12179.

The Utility is providing all customers within the Small General, General and Large General service classes with notice of the change via notice in their electric bills being issued the end of May 2026. Additionally, Lunenburg Electric will also provide a reminder notice of the August 1, 2026 change in the June and July 2026 bills.

Please note a flow-through application is anticipated to be submitted the first week of June 2026.

Yours truly,

Lisa Dagley, CPA, CGA
Finance Director
