NOVA SCOTIA ENERGY BOARD

To whom it may concern,

RE: M12916 – NSIESO 10-Year System Outlook Report for 2026

SWEB Development is a developer, owner, and operator of renewable energy projects throughout Eastern Canada, headquartered in Halifax, Nova Scotia.

The M12916 10-Year System Outlook report supplied by the NSIESO discusses a number of very important topics that are key to renewable energy growth and development here in the province. As a former and current Interconnection Customer with Nova Scotia Power, several of these identified topics within the report will influence the outcomes and practices of SWEB's business here in Nova Scotia. These issues include, but are not limited to generation planning, future procurements, renewable electricity targets, transmission planning, etc.

As such, SWEB formally is requesting Intervenor Status in this Matter.

SWEB appreciates the opportunity and is excited to take part in this important Matter.

Please direct all communication concerning this proceeding to the undersigned.

Sincerely,

Mason Baker
