Re: M12932 – Time-Varying Pricing Pilot Program – 2024/25 (Year Four) and 2025/26 (Year Five) Evaluation Reports – Reply Submission Extension Request

Dear Ms. Henwood:

On June 30, 2026, Nova Scotia Power Incorporated (NS Power, Company) filed its 2024/25 (Year Four) Evaluation Report for the Time-Varying Pricing (TVP) Pilot Program with the Nova Scotia Energy Board (NSEB, Board). On July 31, 2026, NS Power filed its 2025/26 (Year Five) Evaluation Report. On August 7, 2026, the Board determined that the two reports would be reviewed together through a paper hearing and established a procedural timetable, with NS Power's Reply Submission due on October 6, 2026. NS Power filed its responses to Information Requests from Board staff, the Consumer Advocate (CA), and the Small Business Advocate (SBA) on September 14, 2026. On September 28, 2026, the CA and SBA filed their submissions.

NS Power is in the process of preparing its Reply Submission but requires additional time to do so due to resource constraints. Accordingly, NS Power respectfully requests that the due date for its Reply Submission in this matter be extended to October 20, 2026, with the understanding that if the Company is able to complete and submit its Reply Submission before that date, it will do so.

Yours truly,

Kathleen Murray
Counsel, Regulatory
