Kevin Scott Lepage

[REDACTED]

Dear Kevin:

**Re:** NS Power Account No. [REDACTED]  
Meter No. 2047502

We are writing to confirm the results of the recently requested meter test. This test was conducted following your inquiry regarding electrical usage at your premises. As per our meter test process, Nova Scotia Power tested your meter (noted above) in our accredited (approved by Measurement Canada) testing facility.

The results have found that this meter operates within prescribed accuracy limits.

Should you wish to further pursue this matter, you have the option to request a meter test by Measurement Canada within 6 months of the date of this letter. Please note, the current fee is \$55.00 for this additional testing. You can request a meter test by Measurement Canada online at [File a measurement-related complaint](#).

Upon receipt of your request, they will formalize a written process of notification to both you and Nova Scotia Power, to obtain this meter for an official test. If the meter is found to be outside the allowable limits, Measurement Canada will provide details as to the level of inaccuracy for an account adjustment. Should this occur, the \$55.00 fee would be credited to your NS Power account (noted above).

Should you wish to discuss this matter further, please do not hesitate to contact one of our Customer Care Associates by calling 1-800-428-6230. Our representatives can also suggest tips to help reduce your energy usage or offer programs such as our Equal Billing program that make it easier to budget for your electricity bill throughout the year through equal monthly payments.

Have a safe day,  
Derek.
