**M13042 - Application for Approval of the Green Choice Power Purchase Agreement ("PPA")
Under the Renewable Electricity Regulations ("Application")
Procurement Administrator Reply Comments**

Dear Ms. Henwood,

Power Advisory LLC ("Power Advisory") in its capacity as Procurement Administrator for the Green Choice Program procurement, is responding to comments on the PPA and our application to the Board for approval of the PPA ("Board Application") received by the Board on or before September 14, 2026.

Comments were submitted by the following parties:

- i. Industrial Group ("IG")
- ii. Nova Scotia Power Inc. ("NSPI")
- iii. Small Business Advocate ("SBA")
- iv. Natural Forces Developments LP and RMS Energy ("Natural Forces")
- v. SWEB Development Limited Partnership ("SWEB")
- vi. Canadian Renewable Energy Association ("CanREA")
- vii. Consumer Advocate ("CA")

No other party has filed comments as of the September 14, 2026, deadline set by the Board in its Notice of Paper Hearing, dated August 19, 2026.

We thank all the parties for their considered review of the PPA and their thoughtful comments on it. We respond to the comments submitted by the parties in the summary table presented in Exhibit "A" of these reply comments. We are also filing an amended PPA (the "Amended PPA") where proposed revisions in response to comments made by the parties¹ are shown in blackline for ease of review by the Board, as Exhibit "B" and a clean version of the Amended PPA in Exhibit "C". All capitalized terms in this letter have the meaning given to them in the Amended PPA. All section references herein refer to

¹ Although not commented on by the parties, we are also proposing to delete the defined term "Transmission Credits Security" since it is not used in the Amended PPA.

sections in the Amended PPA, unless stated otherwise. Nothing in these reply comments is considered confidential.

As noted in our original Board Application, securing timely approval of the PPA is important to allow the procurement process to proceed. We request authority to make non-substantive changes to the standard form PPA that we consider necessary or advisable after Board approval. Please note that we have implemented the curtailment procedure NSPI stated that it will adopt in its submission to the Board, dated September 14, 2026, for compensating for curtailment in s. 5.1(b) of the Amended PPA. We will provide notice on the procurement website (<https://nova-scotia-gcp.com/>) that we have filed the Amended PPA with the Board.

Sincerely,
POWER ADVISORY LLC
